

hairPuzzle

Welcome to new Legal & District Chamber of Commerce member, Alona with HairPuzzle, a home-based hair salon. Alona and her husband came from Latvia a country in north-eastern Europe, 11 years ago. Alona holds a Bachelor's degree in business administration and tourism and has worked in a assortment of different hotels over the years.

While in search for a better life Alona and her husband started the discussions of starting a family. This is when Alona felt a change of career was required, allowing her more time with a family. She then enrolled in the Eveline Charles Academy, and completed her hairdressing courses.

For the past 7 years she has worked at Smart Styles and Great Clips, both salons have provided her with a vast amount of different experiences in her profession. Over the course of building experience in this industry, Alona dreamt of being an entrepreneur and having her own place.

And here she is today! After their second child was born, Alona decided to open Hairpuzzle on July 1, 2022.

Alona says "I think that a style comes as puzzle pieces - cut, color, perm etc., every person has their own personality, and I am trying to help people put it all together so they can find theirs!"

Hairpuzzle is located directly in the Town of Legal offering hair serves to all ages, as young as 2 years old, men and women. **Hours:** Thursdays 12-7pm, Friday's 10-4pm. Additional booking times can be made by request.

Social Evening returning Wednesday, Sept. 7th

Greetings from the Principal of the NEW Legal Public School!

I am so excited to be serving the community of Legal through Public Education. I am a "lifer" of Sturgeon Public School Division; being a student from Kindergarten to Grade 12, graduating from Sturgeon Composite High School and now serving as an educator.

I am honored to build Legal Public School with the parents and families of the students that we serve. I am looking forward to building our school mission, vision, and logo together.

Who Are We?

Sturgeon Public Schools provide dynamic programming, dedicated teachers and innovative technologies to keep our schools on the leading edge of education in Alberta. We support the entire individual, providing diverse specialty programming that inspires and develops each student.

The staff at Legal Public School are models of this, and are dedicated to bringing this quality education to Legal Public Students.

Pictured is our Principal, Ms. Kessia Brenneis (left), and our Vice Principal, Mrs. Erika McKinstry (right)

Our Ties to Legal

Our Vice Principal, Erika McKinstry, resides on a farm just north of Legal. Our face in the front office might be one you recognize – Mrs. Cheryl Huot was born and raised in Legal and maybe one day her grandchildren will come to school here. Mrs. Michelle Ozipko, our grade 3/4 teacher, attended school from grade 2 to 12 in Legal and also still resides in the community on a grain farm. Having three staff members, and our school board Trustee; Cindy Briggs, with strong ties to Legal, I know that our school and students will be an active and integral part of the community.

UPCOMING CHANGES TO DRINKING WATER - COMING IN 2023

EPCOR cares about the health and wellbeing of customers and takes its commitment to providing safe, reliable drinking water very seriously. Our region's drinking water comes from EPCOR's treatment plants.

In early 2023, EPCOR will add orthophosphate to its water treatment process to protect customers from lead in drinking water and water pipe corrosion. While there isn't lead in the water when it leaves the treatment plant, lead can get into the drinking water through lead pipes and other household plumbing fixtures.

Orthophosphate is tasteless, odourless and safe. Phosphate is naturally found in foods like bread, cheese, fruits and nuts. It's also a common additive in beverages.

To learn more about the orthophosphate addition, please visit epcor.com/ortho.
