Art Walk**

July 12-14 10 am – 5 pm

My tent will be located on 83 Ave NW facing Dr. Wilbur McIntyre Park (just down from the Strathcona Farmer's Market)

Have you heard? **“Seeking Gentle Inspiration...in art and life”** is a collection of art, poetry, and writings, all by Frances. Each piece of art was carefully selected for this book. Some paintings have inspired poetry. Others have stories of their own. The stand-alone poetry chapter is a compilation of feelings, frustrations and experiences that are shared by many. Further writings are selected blogs from her website. They are informational, inspirational, critical, compassionate, or just downright entertaining.

Copies will be available at all events. Purchase one and get it signed. See her website for excerpts from the book and a listing of other locations where her book is available for purchase (including Amazon).

Legal Public School: Pre-Kindergarten to Grade 5

Discover the heart of education in Legal, Alberta, at Legal Public School. Since our opening in fall 2022, we've offered a nurturing environment where every student from Pre-Kindergarten through Grade 5 is empowered to become a confident learner.

What Makes Us Unique?

- **Small Class Sizes:** We embrace the benefits of our small class sizes, offering a tight-knit community where every student is recognized and valued. As a new and growing school, we take pride in the fact that our classrooms are vibrant spaces where everyone knows everyone. This close-knit environment allows for meaningful connections between students, teachers, and staff, creating a supportive atmosphere where individuals can thrive academically, socially, and emotionally.
- **Personalized Learning:** With our small class sizes, students receive personalized attention and guidance, ensuring that no one gets lost in the crowd. We recognize that every child learns differently. That's why we are committed to personalized learning, where instruction is tailored to the unique interests, abilities, and learning styles of each student. Whether through differentiated instruction, project-based learning, or individualized learning plans, we ensure that every child receives the support and challenge they need to thrive academically and personally.
- **Montessori Style Learning:** Montessori learning is an educational approach developed by Dr. Maria Montessori, an Italian physician and educator, in the early 20th century. It is characterized by an emphasis on independence, freedom within limits, and respect for a child's natural psychological, physical, and social development. At Legal Public School, we incorporate the Montessori method into our educational practices, recognizing its effectiveness in nurturing well-rounded learners.
- **Land Based Learning:** We believe that learning doesn't just happen inside the classroom – it happens everywhere. That's why we integrate outdoor learning into our school, providing students with opportunities to explore, discover, and connect with the natural world. From outdoor science experiments to nature walks, our outdoor learning experiences foster a sense of wonder and curiosity while promoting environmental stewardship and appreciation for the world around us.
