

**Local,  
Reliable &  
Ready to Roll**

There's a new name making waves in Alberta's waste and junk removal industry and it's a name rooted right here at home. Prairie Waste Solutions', shop is located in Strathcona County, with a corporate office based in Fort Saskatchewan. Prairie Waste Solutions was founded in September 2023, and is proudly Albertan owned and operated, offering dependable, no-fuss waste management services with a strong focus on community and customer care.

The business was launched by three friends who grew up in Edmonton and Strathcona County. With years of hands-on experience working for other waste management companies, they decided it was time to bring a better, more personal option to the market.

*"We saw a need for honest, responsive service without all the confusing contracts and fine print," says co-owner Torbin Strohschein. "So we decided to do it ourselves and haven't looked back."*

From residential cart collection and hand pick-up to roll-off bins, frontload containers, portable toilets, junk removal, construction bags, and temporary fencing, Prairie Waste Solutions covers all the bases. Even better? They operate 24/7, 363 days a year, offering same-day service whenever possible.

What truly sets them apart is their approach: no call centers, no runaround, no profits leaving the province. When customers call Prairie Waste Solutions, they're talking directly to someone local who understands their needs and gets the job done.

### 👉 Giving Back to the Community 👉

Prairie Waste Solutions is more than just a business it's a proud community supporter. The company believes in giving back to the areas they serve and actively invests in local initiatives. They are a proud sponsor of the new SVF Sports Centre in Legal, a major project that will benefit the entire region. Prairie Waste Solutions also provides in-kind services for the Sturgeon County Winterfest, and they're always looking for new ways to support local events, organizations, and the people who support them.

*"Our success is built on local trust," says Strohschein. "We're proud to give back to the communities that give us so much."*

Town of Legal Council formally passed the **2025 Capital and Operating Budget** on June 16, 2025, approving a 4.79% tax increase. (1.72% increase was a direct result of the increase in requisition from the GoA Provincial Education Tax and the

remaining 3.07% increase was due to municipal operations). The overall average residential property assessments increased by 5.43%. Revenue from other sources is estimated at \$10,731,282 plus \$1,273,229 from collection of property taxes and \$382,537 collected for requisitions equals a total revenue of \$12,387,048.

The 2025 expenditures estimates are: Capital \$8,631,449, requisitions \$382,537 and operations \$3,373,062 equals a total of \$12,387,048, which provides for a balanced budget.

Requisitions include provincial education tax, Homeland Housing tax and Designated Industrial Property tax. The **municipal tax** component of the taxes is based on the Town's operating budget requirements. Town Council sets the budget based on service levels for residents and priorities for sustaining and developing our community. To fund the budget, the Town projects revenue from grants, user fees, permits, fines and investments. Any revenue requirement shortfall is obtained through property taxation. Municipal taxes pay for a range of civic services and programs such as: bylaw enforcement, policing costs, administration, firefighting, roads and streets, water supply, sanitary sewage, garbage collection, Family Community Support Services, health and safety, parks and recreation, snow removal, street sweeping, sidewalk repairs, recreational facilities, community events, walking trails, parks, playgrounds, streetlights and other various services.

Property taxes include the **provincial educational tax**, which is determined by the Alberta Government (GoA) based on the Town of Legal's share of the provincial education tax requirement. **The Town of Legal does not set or control education taxes.** There is no revenue which comes to the Town from education taxes collected, it is simply forwarded to the GoA. The **Homeland Housing tax** is collected and forwarded for funding of senior's housing operated by Homeland Housing. **The Town of Legal does not set or control the tax amount.** This tax is set in March of each year.

Council and Administration have worked exceptionally hard to arrive at a budget with the Town of Legal's long-term sustainability in mind, while minimizing the impact on local taxpayers.

## Traditional Services

Our mission is to provide families with dignified, affordable burial services, ensuring that each individual's final resting place reflects their unique life story. Our experienced and caring staff would be happy to meet with you and discuss the different options available to tailor a service to meet your needs.

As you navigate through this often overwhelming and emotional time, our dedicated team is here to simplify the process and honor your loved one's memory with the utmost respect.

## Cremation Services

Every family is different, especially when it comes to honouring the life of a loved one. No matter your needs, our cremation options have something to offer in every situation.

From start to finish, you can trust our dedicated staff to assist you throughout each step of the arrangement process. From completing paperwork, or selecting an urn, we will always be here to support and assist you. It is our goal to help you make educated and informed decisions while always respecting your choices.

## Memorial Services

This can be done by bringing more of the personality and lifestyle of your loved one into the arrangements. By displaying photographs or staging the event around a favourite pastime, a memorial service can become more personal and meaningful. A memorial service can be held weeks or even months after the death.
